

Trees and Leaves Matching Game

Autumn is the perfect time to test your tree identification skills as there are so many amazing leaves left all over the ground. Once you have completed this activity, why not go on an adventure to see if you can find one of each of the leaves below?

Step 1:
Cut along the dotted lines on pages 1 and 2 and match the pictures to the names as best you can.

Step 2:
Check your answers on page 3 and give yourself a mark out of 16.

Step 3:
Once you have matched them up correctly, glue the name and answer next to each other on a sheet of paper so you can remember them next time you are outside!

Trees and Leaves Matching Game

Holly	Elder	Horse Chestnut	Willow
Silver Birch	Scot's Pine	Hawthorn	Yew
Alder	Oak	Copper Beech	Norway Maple
Blackthorn	Field Maple	Hornbeam	Ash

Another activity idea:

Why not use this as a memory game by placing all the cards randomly face-down on a table. Take it in turns to pick up two cards at a time and see if you have got a matching pair (one picture and one name!) This will help you to remember the leaves even better!
