

Love Nature Stones

Show your love for nature by painting some beautiful nature-themed pebbles. Leave them in public places and spread the joy of nature with everyone that passes by.

Smooth, flat stones

Paint (preferably eco)

Thin paintbrushes

Pencil

Permanent marker

What you'll need:

How to make your stones:

Step 1:

Wash your stones and leave them to dry.

Step 2:

If you want your colours to be brighter, you can paint your whole stone white first, and leave to dry.

Step 3:

Use your pencil to draw a design on your stone. This could be an animal, a plant, a fungus, something weather-related, a nice message - whatever you like best!

Step 4:

Add some colours to your design using the acrylic paint. Once finished, allow your design to dry fully.

Step 5:

Write a short message on the back of your stone using the permanent marker. This could be a tip for how people can help nature, a wildlife fact, a nice quote...

Step 6:

Keep one stone for yourself and then place the other stones around your school or local area. When people pick them up they will see your design and a tip on how to help nature!
